Career Coach

If you have never participated in Career Coach you might wonder what it is and why Rotarians spend half a day with a middle school student they don't know and will never see again.

Career Coach is a program of all the Area 8 (Truckee Meadows) Rotary clubs. The program pairs up two Rotarians with two eighth graders of the same sex (to be sure nothing untoward happens). The Rotarians know what career the students are interested in and have made arrangements to visit businesses, which match those interests. At lunchtime you and your student attend a Rotary meeting and then you return your student to their school.

So why do it? Most of the students don't talk much (they think you are very important and fairly old!). But they brag to their friends about where they went and what car they rode in and who they got to meet. The visits don't seem to make an impression but that's just teens acting cool. The best part is YOU get to visit radio stations, research labs, police stations, the jail, behind the scenes at libraries, the Guard, schools of nursing, hospitals and hear other professionals talk about their training, their education and their work.

Talk to Charlie Fettig if you are interested because time is short to sign up. You will be glad you did!

President Martha
